Dear Pouria:

I would like to thank you for helping make this year's Los Angeles Boat Show a success. Although the show was smaller, our exhibitors and show attendees had an overall good experience.

Never has the Convention Center staff worked so hard on our behalf to ensure a positive experience. Jacqui Davis, our account executive, was available every minute to attend to all of our requests in a friendly and professional manner.

The party hosted by the Los Angeles Convention Center on Friday night was a huge success. It was obvious the work that the Convention Center crew put into it. Your kind words about the Association and our many years together was appreciated and will not be forgotten. We are looking forward to a bigger and brighter event in 2011!

Sincerely,
